### 2017 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

### Gloucester Township Fire District No. 4

FISCAL YEAR: January 1, 2017 to December 31, 2017

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2017 proposed Annual Budget and make comparison to the 2016 adopted budget. Explain any variances over +/-10% for each line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

See Appendix A and B

2. Complete a brief statement on the impact the proposed Annual Budget will have on the Amount to be Raised by Taxation to support the district budget and on the Restricted and Unrestricted Fund Balance(s). Explain increases or decreases in the tax rate and utilization of fund balances. If Unrestricted Fund Balance is reduced by more than 10%, explain the projected impact on the following year's budget.

See Appendix B

3. Include a statement explaining how the Fire District is complying with the Property Tax Levy Cap. The statement must explain reasons for exceeding the Levy Cap and identify the appropriations that caused the Fire District to exceed the Levy Cap, and how they are being addressed by a referendum.

See Appendix B

- 4. If the Fire District plans to pass a Resolution for the Release of Restricted Fund Balance, explain the reason and purposes of the appropriation. N/A
- 5. Complete a brief statement on the Annual Budget's proposed capital appropriations and payment methods, including debt service for the proposed budget year and for future years.

See Appendix B

- 6. If the proposed Annual Budget contains an amount for a Cash Deficit of the Preceding Year pursuant to N.J.S.A. 40A:14-78.6, then explain the reasons for the occurrence of the deficit. N/A
- 7. Does the Annual Budget appropriate such sums as it may deem necessary for the purchase of first aid, ambulance, rescue, or other emergency vehicles, equipment, supplies and materials for use by a duly incorporated association, pursuant to N.J.S.A. 40A:14-85.1? If so, provide the organization's incorporated name and amounts.

8. Complete the following based on the municipal assessor's latest information pursuant to N.J.S.A. 54:4-35:

Total Assessed Valuation of District	\$ 650,919,800	
Proposed Tax Rate per \$100 of Assessed Valuation	\$ .00205	

9. Is the Fire District providing for a first year funding appropriation to establish a length of service award program (LOSAP) in this year's budget subject to public referendum thereof?

,	2,000,000	25075501600.64	The second second	PARTORIST CO.	
	No	X	Yes	If yes, how much is appropriated?	\$

If the public question is defeated, is the Board of Commissioners aware that the budget must be amended to delete the LOSAP appropriation amount and that the Amount to be Raised by Taxation to Support the Budget must be reduced by a like amount?

N/A

### Gloucester Township Fire District No. 4

### FISCAL YEAR: January 1, 2017 to December 31, 2017 2016 FIRE DISTRICT BUDGET MESSAGE & ANALYSIS

### 1. Explanation of Variances

Explanation of Revenue variances of +/- 10%

- 1. Fund Balance Utilized: The fire districts budget reduces the amount of proposed fund balance to be utilized by \$12,566 from the prior year. As part of the current year budget the fire house includes \$62,000 in capital appropriations that will be reserved by the fire district for future capital outlays of fire equipment. Additionally, the budget includes \$70,000 in safety improvements to station #2 of which \$35,000 was budgeted last year and not spent. See #2 Proposed impact below.
- 2. Sale of Assets: The fire district sold the ?? and bought a new fire prevention vehicle in 2016. There is no sale of assets expected in 2017.
- 3. Revenues Offset with Appropriations: Penalties and Fines: Over the course of 2016 the district experienced an increase in revenue from fines and penalties and has budgeted accordingly for the expected revenue increases in 2017.
- 4. Other Revenues Offset with Appropriations: Smoke Detector Fees, the district experienced an increase in revenue from smoke detector fees over the last year and has budgeted accordingly for the expected revenue increases in 2017.
- 5. Other Revenues Offset with Appropriations: Safer Grant: The safer grant was only a two-year grant that expired at the end of 2015 and was extended through March 2016. The grant has now been fully expended and no longer available.

Explanation of Appropriations variances of +/- 10%

- 1. Administrative Salaries and Wages: The amount is an increase over last year due to the full-time clerk moving from clerk I to clerk II and thus receiving a raise. The line item also includes additional amounts for a part-time administrator to take administrative duties off the hands of the chief.
- 2. Appropriations Offset with Revenue Personnel: There is a decrease in salary and wages offset with revenue because of no longer receiving the safer grant for reimbursement of firefighter # 2 salary.
- 3. Appropriations Offset with Revenue Personnel: The UFSA suppression and prevention costs are expected to rise in 2016.

Explanation of Variances on Appendix A of +/- 10%

- 1. Chief Stipend: It was decided by the board to hire an administrator to remove the administrative burden from the chief who is volunteer.
- 2. Professional Fees: The fire district reduced costs for professional IT services.
- 3. Maintenance and Repairs: One of the career firefighters received training during the year. As a result, the district expects to be able to utilize this training in order to complete some repairs and maintenance

in house.

Explanation of Variances on Appendix A of +/- 10% Continued

- 4. Fuel and materials expenses: The budget was increased as result of increased fees associated with UFSA inspection materials and equipment.
- 5. Training and Education: The fire district sent a career firefighter to PENCO Tech to replace the retiring mechanic in 2016 and will not incur the associated education costs again in 2017.
- 6. Shop Equipment: The district expects to slightly increase spending in shop equipment over last year by \$200.
- 7. Maps/Compressor: The district expects to slightly increase spending in maps/compressors over last Year by \$200.
- 8. The \$35,000 in expected improvements for the fire suppression system was not incurred in 2016 and the whole system at a cost of \$70,000 will be installed in 2017.

### 2. Proposed Impact

The impact of the proposed budget will push the amount to be raised by taxation to the maximum allowable increase without going over. By continuing to utilize the maximum amount of taxation the fire district is able reserve funds to be used for future capital appropriations. This gradual increase will hopefully prevent the need for a large increase in the budget in a future year for the purchase of new equipment. However, because of staying within the maximum amount to be raised by taxation, the district has budgeted to utilize \$104,344 in fund balance to cover additional costs.

The anticipated amount exceeds 10% of the unrestricted fund balance, however, this is due to amounts budgeted for expenditures not incurred in the prior year, one time expenditures, and amounts to be reserved for future capital appropriations. These expenditures include \$35,000 in safety improvements to station #2 that did not take place in 2016 and will now take place in 2017. Additionally, the budget includes \$70,000 in capital outlays that will be reserved for future years. The amount to be utilized should not have a large impact on the following year's budget because the amount to be raised by taxation is enough to cover operations of the fire district and the fire district is currently utilizing unrestricted fund balance to prepare for the future.

On the fund balance reconciliation page, you will see that the fire district expects to add to the current unrestricted fund balance in 2016. This is in large part due to the fire district not using, over \$103,000, of the fund balance in 2016 to budget for an employee who ended up retiring at the end of 2015.

### 3. Property Tax Levy Cap

See answer to number 2 above. The fire district is not exceeding the levy cap.

### 4. Release from Restricted Funds:

N/A, the fire district is not releasing restricted funds.

### 5. Proposed Capital Appropriations

The proposed capital appropriations of \$70,000 is for the purchase air packs, (\$8,000) and fire apparatus (\$62,000) to be reserved for purchases in years beyond 2017. The fire district has been reserving \$8,000 a year for the past six years to be expended from reserves when all the air packs needs to be replaced. The fire district

will reserve an additional \$62,000 this year in addition to the \$18,000 last year for the down payment on a fire engine in a future year.

### 6. Cash Deficit:

N/A, the fire district does have a cash deficit.

### 7. Duly Incorporated Organization

Yes, the fire district covers the costs of all fire equipment, vehicles, first aid and supplies used by the district to respond to emergencies. The Blackwood Volunteer Fire Company is given access to the equipment and supplies, but there are no specific amounts given to the organization for their own spending. Any supplies needed to service the district are purchased by the fire district and approved by the board of fire station # 4.
